Gpixel Changchun Microelectronics Inc.
長春長光辰芯微電子股份有限公司

(A joint stock limited company incorporated in the People's Republic of China with limited liability)

(Stock Code: 3277)

POSITIVE PROFIT ALERT

This announcement is made by Gpixel Changchun Microelectronics Inc. (the "**Company**", together with its subsidiaries, the "**Group**") pursuant to Rule 13.09 (2)(a) of the Rules Governing the Listing of Securities on the Main Board of The Stock Exchange of Hong Kong Limited (the "**Listing Rules**") and the Inside Information Provisions (as defined under the Listing Rules) under Part XIVA of the Securities and Futures Ordinance (Chapter 571, Laws of Hong Kong).

The board of directors of the Company (the "**Board**") is pleased to announce that, based on a preliminary assessment of the unaudited consolidated management accounts of the Group for the six months ended June 30, 2026 (the "**Reporting Period**") and other available information, for the Reporting Period, the Group is expected to achieve:

1. Revenue: in the range of approximately RMB630 million to RMB645 million, representing an increase of approximately 75% to 80% compared with the same period last year;

2. Profit attributable to owners of the parent: in the range of approximately RMB245 million to RMB260 million, representing an increase of approximately 190% to 210% compared with the same period last year;

3. Adjusted net profit (namely, net profit excluding the effects of share-based payment expenses and listing expenses, a non-HKFRS measure): in the range of approximately RMB280 million to RMB295 million, representing an increase of approximately 125% to 135% compared with the same period last year.

The Group has been consistently focusing on the research and development of CMOS image sensors, offering CMOS image sensors and providing customized sensor solutions widely applicable to advanced technology fields such as industrial imaging, scientific imaging, professional photography and video, and medical imaging. The growth in the Group's results during the Reporting Period was primarily driven by strong demand in downstream industrial imaging applications, such as high-end industrial inspection, lithium battery inspection, and printed circuit board inspection.

As at the date of this announcement, the Company is still in the process of finalizing the consolidated interim results of the Group for the six months ended June 30, 2026 (the "**Interim Results**"). The information contained in this announcement is only a preliminary assessment made by the Board based on the information currently available to the Group, and is not based on any information which has been audited or reviewed by the independent auditors of the Company, nor has it been reviewed by the audit committee of the Company, and may differ from the actual figures of the Interim Results. Further details of the Company's financial information and performance will be set out in the Interim Results announcement to be published by end of August 2026.

Shareholders and potential investors of the Company are advised to exercise caution when dealing in the shares of the Company.

By order of the Board
